One person out of every four has a
weak or diseased heart, and yet very
few people are aware of it. The
trouble is that most doctors do not
understand heart trouble. They
very often treat patients for dis-
orders of the stomach, lungs and
kidneys, when the trouble is in the
heart itself. Anyone with weak
heart is always in grave danger, and
proper attention is absolutely neces-
sary. People drop dead every day
from heart disease. Beware of
fluttering of the heart, palpitation or
skipping beats, always due to weak
or diseased hearts, numbness or
pain in the left side, or under shoulder
blade, fainting spells, dizziness,
spots before the eyes, sudden starting
to sleep, nightmare, choking sensa-
tion in hands and feet, swelling of
the feet and ankles (one of the surest
signs); also, neuralgia around the
heart. Heart disease is always fatal
unless properly treated in the begin-
ning, and death comes like a flash of
lightening.

Bar-Ben Formula O has been es-
pecially prepared to meet the de-
mand for a good heart tonic. It is
composed from Tinct. Strophanthi,
Glutonic, Sparteine and pure
extract of Bar-Ben, the greatest
modern nerve tonic and vitalizer.
Formula O will quickly relieve a
weak or diseased heart in the early
stages and a persistent use will cure
the most advanced case, toning and
strengthening the heart, regenerat-
ing the blood and rebuilding the en-
tire nervous system. For sale by
druggists everywhere, or mailed on
receipt of price, \$1. Formula ET for

Why He Killed His Employer.
NEW YORK, June 28.—William Bal-
lard, a colored hostler, was arrested here
accused of the murder of his employer,
Clayton Young, a horse owner, in St.
Louis, on Aug. 22, 1890. Ballard said
he killed Young because the latter had
frequently beaten and abused him.

Rescued From Burning Ship.
WASHINGTON, N. C., June 28.—The
steamship George W. Clyde arrived
here with Captain Ingram and entire
crew of 21 men from the steamer Pav-
nee. The Clyde sighted the Pavnee off
Currituck, on the North Carolina coast,
after flames burst from the hold of the
ship at midnight Sunday. The Clyde ran
alongside and rescued the crew. The
ship and general cargo were lost.

Upset in Court in the Trial Over
Three Societies Using the
Same Name.
NEW YORK, June 28.—The hearing of
the Colonial Dames' suit was concluded
and Justice Bookstaver granted the
lawyers until July 17 to submit briefs
regarding the rights of three societies
to the title of "Colonial Dames."

After various members of the two
defendant societies, the National and
Rhode Island, had testified, Colonel
Bartlett offered rebuttal testimony,
calling Mrs. Gardner, wife of the dis-
trict attorney of New York and great-
est of the plaintiff society, the Colonial
Dames of Dames of New York. She
created a tempest by saying on the
stand: "My Mrs. Jones, Mrs. Ely, Mrs.
Rhineclander and Mrs. Layton have
admitted to me that they had done wrong
to take our names."

"It is not so," shouted the women
partisans of the defendant societies.
Amid the protests of counsels, the
shouts of the court officers for order.

AMERICANS EXPELLED.
Unfriendly Act by Government
of Guatemala.
ONE HAD BEEN IMPRISONED.
Notified Minister Hunter, but Few Days
Later He Was Taken to a Train at the
End of a Rope—Had Discovered a Gold
Mine—Put Abroad a Ship.

NEW ORLEANS, June 28.—B. E. Pears,
the brother of Frank Pears, who was
killed by a sentry in San Pedro, Spanish
Honduras, on Jan. 31, and whose killing
was made the subject of official inquiry
by the United States, reached New
Orleans, Mr. Pears alleged United
States Minister Hunter had done nothing
in the matter. Pears will again
press the case at Washington. Pears
was refused permission by the Hondu-
ran authorities to disinter the body of
his brother.

WASHINGTON, June 28.—It was said
at the state department that criticism
passed upon Minister Hunter in con-
nection with the Pears case were en-
tirely unwarranted by the facts. It
was said that so far from Hunter being
responsible for any delay in the pro-
secution of the claim against Honduras,
the state department had simply de-
layed further action on representations
to it that the man Pears who had ar-
rived in New Orleans brought import-
ant facts that the department should
have before processing. Already a
claim for indemnity in the amount of
\$10,000 on account of the killing of
Pears had been lodged, and the depart-
ment had been refused to entertain
any offer to arbitrate it. The amount
of the indemnity was regarded as ample
and the case was said to be in good
shape.

State Department Said There Was No
Ground For Pears' Complaint.
Case In Good Shape.

NEW ORLEANS, June 28.—John E.
Richards and W. H. Harris, American
citizens, reached this city, having been
ejected from Guatemala by the govern-
ment, that country claiming that they
discovered a gold mine in the prov-
ince of Zacapa, where they washed out
\$17 worth of gold in an hour. They
went to Zacapa to have their claim re-
corded and were immediately warned
by the authorities that they must leave
the country. Instead they went back to
their claim. On June 18, they allege,
they were sent after them. Richards
was arrested, he says, and taken to
Zacapa, where he was thrown into a
filthy prison. He notified Minister
Hunter on two days later, he alleges,
he was taken to the train at the end of
a rope and carried to Port Barrios.

At Port Barrios, Richards says,
he was imprisoned for two days without
food. Then he was put aboard a
steamer and his fare paid to this coun-
try. He found Harris on the same ship.
Richards was formerly connected
with the Guatemala Central railroad.
While working on a contract, he
said he harbored the party of Ameri-
cans known as the "Kansas City fil-
busters" and incurred the displeasure of
the Guatemalan government.

COLONIAL DAMES' ROW.
Upset in Court in the Trial Over
Three Societies Using the
Same Name.

WASHINGTON, June 28.—Nothing was
heard from Ambassador Choate as to the
results of the conference he had with
Lord Salisbury for a motive vivendi
regulating the Alaskan boundary, but
the last phase of the case was that
the Canadians had come back with a
counter proposal, in place of accepting
the definitive American proposition which
had been carefully drawn with the sole
purpose of preventing any future con-
rovers over the points agreed upon be-
tween Mr. Choate and Lord Salisbury.

This Canadian proposition proposed
a radical change in the line on the Dalton
trail, and was a character wholly un-
acceptable to the Americans, involving as
it did the transfer into Canadian juris-
diction of the fortunes and claims of
many American miners. Unless
there is a decided abandonment on one
side or the other of the demands, the
desired modus vivendi as unlikely of
attainment as was the permanent agree-
ment of my present term.

The balance of the evi-
dence was to prove that Mrs. Ingersoll
was in the city at the time of the ab-
duction.

FRANK THOMSON'S WILL PROBATED.
Estate of About Three-Fourths of a Mil-

PHILADELPHIA, June 28.—The will of
Frank Thomson, late president of the
Pennsylvania railroad, who died June
5, at his home near Marion, was ad-
mitted to probate at Norristown, the
county seat of Montgomery county. It
is dated Dec. 19, 1890, and covers four
typewritten pages.

The executors are Anne Thomson,
Frank G. and Clarke Thomson and John
T. Caldwell. The estate is supposed to
amount to about three-quarters of a
million dollars. The will provides that

That's the way the COLUMBIA BEVEL-GEAR CHAINLESS BICYCLE moves. From pedal to driving wheel there is no interruption in the transmission of power. The operation of the machine is positive. Each part of the driving mechanism is fixed in its place, all parts move together and there is no back-lash, no straining, wear or loss of power in bringing the different parts consecutively into action.

The rider expends no strength without compensation. Every ounce of muscular force exerted is utilized in the propulsion of the machine. Price \$60 to \$75.

CHAIN WHEELS
COLUMBIAS and HARTFORDS are the most popular chain bicycles because they contain more desirable features than can be found in other machines of their kind. Special cutting of the sprockets, preventing loss of power through the sliding of the chain; narrow tread; narrow rear forks and hubs; dropped crank hanger; flush joints, which are stronger than the body of any tube adapted to cycle construction; and bearings brought to the highest degree of perfection through generation in machines designed and built for our exclusive use, are evidences of their superiority. \$35 to \$50.

Vedette Bicycles are strong and reliable. Price \$25 and \$26.

Mrs. Gardner walked from the witness
chair and as she passed some of the
rival dancs, one woman remarked:
"You ought to be ashamed of your-
self."

Then there was more wrangling.
Some of the dancs tried to talk at once.
Finally Mrs. Jones was recalled and
vehemently denied that she had said
what Mrs. Gardner had attributed to her.

There was nearly a personal encoun-
ter in court between Mrs. Gardner and
Mrs. Jones, but actual hostilities were
averted and friends of the rival dancs
got between them.

NEXT DEMOCRATIC CONVENTION.
Reported There Will Be Contesting De-
legates From New York and Illinois.

CHICAGO, June 28.—Theodore Nelson,
secretary of the Democratic state cen-
tral committee, has gone to New York
to see the leaders of Tammany and as-
certain their plans for the national con-
vention in 1900. The reported object
of this is to have New York and Illinois
in harmony as much as possible.

It has been suggested by some of the
leaders that if the party organization
of these two states would put together
they could control the convention.

Former Governor Altgeld said he
would go to the convention with a con-
testing delegation from this state. El-
liott Danforth sent a message to the
biennial convention at Louisville that
he would have a contesting delegation
from this state.

It is understood that Chicago, St.
Louis, Kansas City, Louisville, Cin-
cinnati and Buffalo are candidates for the
next national convention.

A RACE RIOT IN ALABAMA.
Three Negroes Killed and One Wounded
During the Rioting.

BIRMINGHAM, Ala., June 28.—Three
negroes are dead and one is expected to
live as a result of a riot between the
white and negro miners at the ore mines
near Cardif, in Jefferson county. The
dead are: Ed Ellis, Jim Dill and Adams
Samuels.

The wounded: Rudolph Williams,
George Thomas, mortally wounded.

The trouble started when it was
thought that John Shepard, who on last
Wednesday afternoon assaulted Mrs.
Mourre Jones, near Corona, was in the
community. The negroes armed them-
selves to prevent his capture.

Shortly after the riot Sheriff O'Brien
led here with 100 armed men. He has
the situation in hand.

THURSTON TIRED OF PUBLIC LIFE.
Not Candidate For Vice President—To
Retire at End of Term.

WASHINGTON, June 28.—Senator
Thurston of Nebraska said:—
"Having noted several suggestions in
the western press that I might be a
candidate for vice president, I desire to
state once and for all that I am not and
shall not be. My only ambition is to
retire to the practice of my profession
at the end of my present term. I
would gladly resign now from the sen-
ate for that purpose, if my place could
be filled by a Republican successor. I
hold another public office."

OF LIFE.

That's the way the COLUMBIA BEVEL-GEAR CHAINLESS BICYCLE moves. From pedal to driving wheel there is no interruption in the transmission of power. The operation of the machine is positive. Each part of the driving mechanism is fixed in its place, all parts move together and there is no back-lash, no straining, wear or loss of power in bringing the different parts consecutively into action.

The rider expends no strength without compensation. Every ounce of muscular force exerted is utilized in the propulsion of the machine. Price \$60 to \$75.

CHAIN WHEELS
COLUMBIAS and HARTFORDS are the most popular chain bicycles because they contain more desirable features than can be found in other machines of their kind. Special cutting of the sprockets, preventing loss of power through the sliding of the chain; narrow tread; narrow rear forks and hubs; dropped crank hanger; flush joints, which are stronger than the body of any tube adapted to cycle construction; and bearings brought to the highest degree of perfection through generation in machines designed and built for our exclusive use, are evidences of their superiority. \$35 to \$50.

Vedette Bicycles are strong and reliable. Price \$25 and \$26.
